Summary

Hi, I'm Daniel - a Full Stack Developer specializing in creating engaging user experiences with React.js, NodeJS, and MongoDB. I'm a motivated self-learner and experienced in managing large projects and budgets. Check out my [latest Project](#), a real-time chat application that allow creating public and private chat rooms. This app built with React.js, Typescript, Nest.js & MongoDB.

If you're looking for a team player with a meticulous attention to detail, who's passionate about creating dynamic and engaging user experiences, then let's chat about how I can contribute to your team!

Tech Skills

- Experience with **#Vue.js** and **#React.js** using **#TypeScript** to develop MVC Frameworks.
- Strong grasp of server-side programming, API's and REST using **#Express.js** | **#Nest.js**
- Proficient in modern JavaScript (ES6) and Object-Oriented-Programing
- Familiarity with Git for version control and agile development methodologies
- Knowledge of web accessibility and performance optimization techniques
- Skilled in database management with expertise in **#MySQL** and **#MongoDB**
- Basic understanding of **#CSharp** programming language.

Professional Experience

- **Director at Dor-labait (2020-2022):** Oversaw 90 employees and implemented new policies to improve service quality, resulting in increased customer satisfaction. Managed the budget, ensuring financial stability and growth.
- **Sponsorship Team Leader at Little light Uganda (2016-2020):** Developed relationships with new sponsors, managed existing relationships, and led a team of volunteers to provide educational scholarships for underprivileged children in a Kampala slum.

Education

- **Full-Stack Bootcamp at Coding Academy (2022):** Completed a 640-hour intensive program that fully qualified me as a Full-Stack developer, providing hands-on experience with modern web technologies, server-side programming, and database management.
- **M.A in International Relations from University of Haifa (2020-2022):** Specialized in negotiation and decision-making, developing valuable skills in critical thinking, problem-solving, and data analysis. Honored graduate with a demonstrated ability to analyze complex information and communicate insights effectively.
- **B.S.W in Social Work from The Max Stern Yezreel Valley College (2016-2019):** Gained transferable skills in communication, teamwork, and problem-solving, with a focus on social welfare policies and program planning.
